RULES AND REGULATIONS

In order to insure the preservation of the beauty, safety, and dignity of our Park, Fort Howard has established and enforces a comprehensive set of Rules and Regulations. These policies place certain restrictions on lot owner rights and can affect the ultimate cost of services whether provided by Fort Howard or a third party vendor. A set of all Rules and Regulations is available for inspection in the administrative office. If you wish to receive a copy of our general "Rules and Regulations" and/or a copy of our "Regulations Regarding the Installation and Modification of Foundations and Memorials," please ask and a copy will be provided at no charge. These can also be found on our website.

Outer Burial Containers

State law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.

Our cemetery requires the use of a grave liner or burial vault manufactured from either concrete or an approved metal for all casketed and cremated remains burials. Separate charges are assessed by the cemetery for setting of the unit in the grave and for placing the lid.
